

Let's Build It Together!

A Community of Welfare!

Sep. 2024 ver.

Summary of the 4th Kita City Community Welfare Activity Plan (Phase II: FY2024-2026)

The Community Welfare Activity Plan

An action plan for everyone in Kita City, outlining the direction of initiatives aimed at creating a “community where everyone can live safely and securely.” The Kita City Council of Social Welfare plays a role in gathering opinions from the community, compiling them into an activity plan, and promoting it.

Fundamental Philosophy

A community where everyone can live safely and securely

- (1) A community that values each individual
- (2) A community where everyone lives equally
- (3) A welfare community built by everyone (A community created through participation)

Core Objective I

Creating a community where everyone can shine.

To make it a reality...

- ① Foster mutual understanding among diverse community members through various initiatives.
- ② Engage more people in community activities.

Specifically

Collaborate with the community to implement welfare learning programs that promote diversity awareness.

Core Objective II

Build an inclusive society where everyone supports, connects, and participates.

To make it a reality...

- ① Create opportunities for all to contribute based on their strengths.
- ② People with shared challenges exchange knowledge and expertise.

Specifically

Fostering collaboration to create spaces where everyone contributes to society based on their strengths, without fixed roles of support and dependence.

Core Objective III

Create a community of new possibilities beyond traditional boundaries.

To make it a reality...

- ① Create new solutions through cross-sector/field connections.
- ② Enhance coordination skills of professionals and stakeholders engaging with the community network.

Specifically

Engage individuals with life challenges, local activists, organizations, and professionals to foster collaboration and shared solutions.

The back side introduces ways to participate. Be sure to check it out!

The Council's character Ai-chan

● Found it!! The Community Welfare Activity I Want to Do ●

For example...

I want to support children!

*Learning support class

*Child Support Page is here

Volunteering at children's cafes & learning support classes

I'm interested in disaster preparedness!

*Disaster Volunteer Center setup training

*Disaster Initiatives Page is here

Participation in disaster drills

I can do it too!

Greeting neighbors

Is there something I can do even if I'm short on time?

I'm good with computers and smartphones!

*Activity highlights

Volunteering at a children's programming class

*Programming class

I love Kita City!

*For activity details, check our Facebook page!

Participate in community meetings

Let's support community welfare through donations and fundraising!

I want to experience foreign cultures!

*Check out our Instagram page, too!

Community exchange with international residents

*A TOMONI activity

I want to contribute as a business!

*For businesses, scan here!

Participate in volunteer activities as a company or corporation

*Vocational experience instructor

There are many more activities. (For details, contact the Kita City Council of Social Welfare.)
